Supports up to 256GB TF Card. 12-Month Warranty. Get yours today!"

Cybernautt X700-Z – 4K Dual-Channel Car Dashcam with Night Vision & Wi-Fi

Enhance your driving security with the Cybernautt X700-Z Dual-Lens Dashcam, designed for crystal-clear 4K front + 1080P rear recording. Its 170° ultra-wide lens ensures maximum coverage, while advanced Night Vision, WDR (Wide Dynamic Range), and Full Color technology deliver sharp footage even in low light.

## Key Features:

- ✓ 4K UHD + 1080P Dual Recording – Front (3840x2160P) & Rear (1920x1080P)
- ✓ 170° Ultra-Wide Angle – Captures more road details
- ✓ Super Night Vision & WDR – Clear footage in darkness or high-contrast lighting
- ✓ Built-in Wi-Fi & App Control – Easily view & manage recordings via smartphone
- ✓ 3.2" IPS Touchscreen – Real-time monitoring & playback
- ✓ G-Sensor & Loop Recording – Auto-saves collision footage & overwrites old files
- ✓ Parking Mode (Optional ACC Hardwiring) – 24/7 surveillance when parked
- ✓ Optional GPS – Track speed & route data
- ✓ Supports up to 256GB TF Card – Extended recording storage
- ✓ 24 Hours Parking Monitor

## Premium Hardware:

Chipset: Allwinner V851S3 for smooth performance

Front Sensor: GC4663 HDR for superior image quality

Rear Sensor: GC2083 for crisp 1080P footage

Voltage: 12-24V (Universal car compatibility)

🔒 12-Month Warranty |

Drive with confidence—get the Cybernautt X700-Z Dashcam today!

## Why Choose This?

- ✓ Crisp 4K + Full HD Dual Recording
- ✓ 24 Hours Parking Monitor
- ✓ Enhanced Night Vision for Safe Night Driving
- ✓ Wi-Fi Connectivity for Instant Playback
- ✓ Reliable Loop Recording & G-Sensor Protection

Perfect for taxi drivers, ride-sharing, and everyday commuters who demand top-tier security. Order now!
