Technical Specification

Product Name	Cybernautt K4M 4MP 4G Dual Lens Camera
APP:	V380 Pro
System structure:	Embedded Linux system, ARM chip structure
Resolution:	2MP+2MP=4MP
Sensor Resolution:	1/2.9" MIS2008*2
Lens:	2*4MM
View angle:	2*80°
Pan-tilt:	Rotates Horizontal:355° Vertical:90°
Preset point quantity:	6
Video compression standard:	H.265/15FPS
Video format:	PAL
Minimum illumination:	0.01Lux@(F2.0,VGC ON),0.Luxwith IR
Electronic shutter:	Auto
Backlight compensation:	Support
Noise reduction:	2D,3D
Night vision	IR-CUT switch Automatic,about 5-8meters (It varies from environment)White Led can be remote control via APP: 1.Turn ON 2.Turn OFF 3.Auto (In automatic mode, the infrared light will be turned ON after the IR-cut switch to night vision auto , it can intelligently detected human body, and Turn ON/OFF the White light intelligently)
Audio:	Built-in microphone and speaker, support two-way audio and real-time transmission. ADPCM audio compression standard, self-adapt to code stream
Network protocol:	TCP/IP,DDNS,DHCP
Alarm:	1. Motion detection and picture push 2. AI Human intrusion Detection
Storage:	TF Card(Max 128G);Cloud storage /Cloud disk (optional)
Power input:	12V/2A (not including power supply)
Work environment:	Working temperature:-10℃ ~ + 50℃ Working Humidity: ≤95%RH

Description

LIVE VIEW & SD CARD SUPPORT

Get ready to roll within minutes! With the option to insert a 128 GB SD card (sold separately), you can effortlessly store nearly a month's worth of video footage. Featuring loop recording, you can access live views from anywhere in the world.

SMART NIGHT VISION

Equipped with illuminating lights, this feature works wonders if you need to deter unwanted intruders from afar. Choose from three modes—glowing IR, bright lights, or Auto mode. You'll also appreciate the powerful speaker and microphone that enable two-way communication, allowing you to issue commands from any location.

SIM CARD SLOT

No Wi-Fi? No problem! Simply insert any SIM card into this camera for immediate live access. It operates as a standalone system with extensive coverage, enhanced by its PTZ function. Effortlessly rotate the camera up/down and left/right through the app, eliminating the need for complicated wiring.

WATERPROOF & ALL-WEATHER

With an IP66 waterproof rating, this camera is built to endure even the harshest weather conditions. Specifically designed for outdoor use, it delivers full HD resolution for clear and detailed video footage.

MOTION DETECTION & AUTOTRACKING

This camera employs advanced AI to detect motion, with options for motion-triggered recordings. Plus, its intelligent auto-tracking system allows it to seamlessly follow subjects. Customize alarms to fit your security needs!
