Description

Cybernautt K6A - Best 3-Lens AI Security Camera for Complete Home, Office, and Industrial Surveillance

The Cybernautt K6A is the best AI security camera designed to provide unparalleled protection for your home, office, hotel, store, warehouse, farm, garage, gym, or corridor. Featuring 3 lenses—two fixed and one pan and tilt lens—this advanced CCTV camera delivers a combined 6MP resolution (2MP per camera) to ensure every corner is covered with crystal-clear detail.

Equipped with outstanding AI capabilities, the Cybernautt K6A offers human detection and tracking, customizable monitoring zones, and an alarm system to keep your property safe. Its motion detection push notifications alert you in real-time, making it the best AI monitoring camera for proactive security.

This outdoor camera excels in low-light conditions with automatic switching between color night mode (powered by LEDs) and IR night mode, ensuring 24/7 surveillance. The pan and tilt functionality allows you to control one lens horizontally and vertically via the app, while the other two lenses can be adjusted manually for flexible coverage.

The Cybernautt K6A supports 2-way communication, enabling you to interact with visitors or deter intruders remotely. With external storage up to 128GB, all your footage is securely saved. The camera also offers app-controlled remote viewing, allowing you to monitor your property from anywhere in the world.

Whether you need home security, industrial surveillance, or outdoor monitoring, the Cybernautt K6A is the best 4G CCTV camera with SIM card compatibility, ensuring uninterrupted connectivity even in remote areas.

Key Features:

- 3-Lens System: 2 fixed + 1 pan and tilt lens for complete coverage
- 6MP Combined Resolution: 2MP per camera for sharp, detailed footage
- AI-Powered Security: Human detection, tracking, and customizable zones
- Color & IR Night Vision: Automatically adapts to lighting conditions
- Pan & Tilt Control: Remote horizontal and vertical movement
- 2-Way Communication: Speak and listen via the app
- 128GB External Storage: Save all your footage securely
- Motion Detection & Push Alerts: Stay informed in real-time
- App-Controlled Remote Viewing: Monitor from anywhere in the world

Ideal for Multiple Locations:

- Home Security: Protect your family and property
- Office & Hotel: Ensure safety for employees and guests
- Store & Warehouse: Monitor inventory and prevent theft
- Farm & Garage: Keep an eye on livestock and vehicles
- Gym & Corridor: Enhance safety in high-traffic areas

Choose the Cybernautt K6A, the best AI camera for home security, industrial monitoring, and outdoor surveillance, and enjoy peace of mind with top-tier protection.
