Description

Cybernautt K6D3 - Best AI-Powered 3-Lens Security Camera for Ultimate Home and Industrial Security

Upgrade your security with the Cybernautt K6D3, the best AI security camera designed to cover every nook and corner of your property. This advanced CCTV camera features 3 lenses—two fixed and one pan and tilt lens—delivering a combined 6MP resolution (2MP per camera) for crystal-clear monitoring. Whether for home security or industrial surveillance, this outdoor camera ensures unmatched protection with its cutting-edge AI capabilities.

The Cybernautt K6D3 is equipped with human detection and tracking, ensuring you're alerted only to relevant activity. Its customizable monitoring zones and motion detection push notifications keep you informed in real-time. The camera also features an alarm system to deter intruders, making it the best AI monitoring camera for proactive security.

Experience superior night vision with automatic switching between color night mode (powered by LEDs) and IR night mode when light levels drop. This 4G SIM camera offers remote viewing via a user-friendly app, allowing you to monitor your property from anywhere in the world. With two-way communication, you can interact with visitors or ward off unwanted guests effortlessly.

The Cybernautt K6D3 also supports external storage up to 128GB, ensuring all your footage is securely saved. Two of its lenses can be manually adjusted, while the third offers pan and tilt functionality via the app, providing complete coverage horizontally and vertically.

Perfect for home security, outdoor surveillance, or industrial monitoring, the Cybernautt K6D3 is the best 4G CCTV camera with SIM card compatibility, ensuring uninterrupted connectivity even in remote areas.

Key Features:

- 3-Lens System: 2 fixed + 1 pan and tilt lens for complete coverage
- 6MP Combined Resolution: 2MP per camera for sharp, detailed footage
- AI-Powered Security: Human detection, tracking, and customizable zones
- Color & IR Night Vision: Automatically adapts to lighting conditions
- 2-Way Communication: Speak and listen via the app
- Pan & Tilt Control: Remote horizontal and vertical movement
- 128GB External Storage: Save all your footage securely
- 4G SIM Support: Reliable connectivity for remote viewing
- Motion Detection & Push Alerts: Stay informed in real-time

Choose the Cybernautt K6D3, the best AI camera for home security and industrial surveillance, and enjoy peace of mind with top-tier protection.

TECHNICAL SPECIFICATIONS
