CLIENTS VIEWING**
Supports iPhone, Android, Windows viewing

Technical Specification

Model	Cybernautt O5S
Frames	15fps
Video Format	MP4
Viewing Angle	150 degree
SENSOR	GC2063
Storage	Up to 256GB
Battery Capacity	5000mAh
Battery working time	Alarm 20 times/day, about work 7 days
CPU	Ingenic T31
Daytime current	220MA
Charging Voltage/Current	DC 5V1A
Other features	Human Motion Tracking/NIGHT VISION/Two-way Audio/Motion Detection/Low Power/Waterproof / Weatherproof
Network Type	Wifi
Function points	Two-way Audio/RESET/Built-in Mic/NIGHT VISION/Wide Angle/Waterproof / Weatherproof
Compression format	H.265
Data storage options	Full HD/Micro SD card
Application	Indoor/Outdoor
Sensor	CMOS

Description

Completely Wireless Design

Enjoy the benefits of a fast, hasslefree installation. Cybernautt's outdoor battery powered Wifi supported camera offers exceptional flexibility, allowing you to position it perfectly for optimal views. Streamline your home security setup! Plus, you can enhance it with an optional solar panel for uninterrupted power (note: solar panel not included).

Respond Instantly

With clear two way audio, easily see, hear, and communicate with visitors. Receive smartphone alerts whenever motion is detected, and use strobe lights and sirens to deter intruders. Customize your siren with fun messages like, "Hey, I've called the police, please leave!"

Crystal Clear Night Vision

Capture vital details like faces or license plates in vibrant color, even after dark, thanks to advanced color night vision. This outdoor security camera is your goto choice for home protection.
