T40 high-end chip

# T40 high-end chip, accurate detection and alarm

Aiming at the intelligent control needs of persons and vehicles in key regions, the bullet dome linkage camera, which is integrated with a T40 high-end chip,

## 8MP Ultra HD Image

Advanced CMOS sensor with Ultra HD resolution, featuring an integrated dual lens and automatic IRcut dual filters that adjust based on external light intensity. This ensures optimal imaging quality around the clock, day or night.

CYBERNAUTT

08S

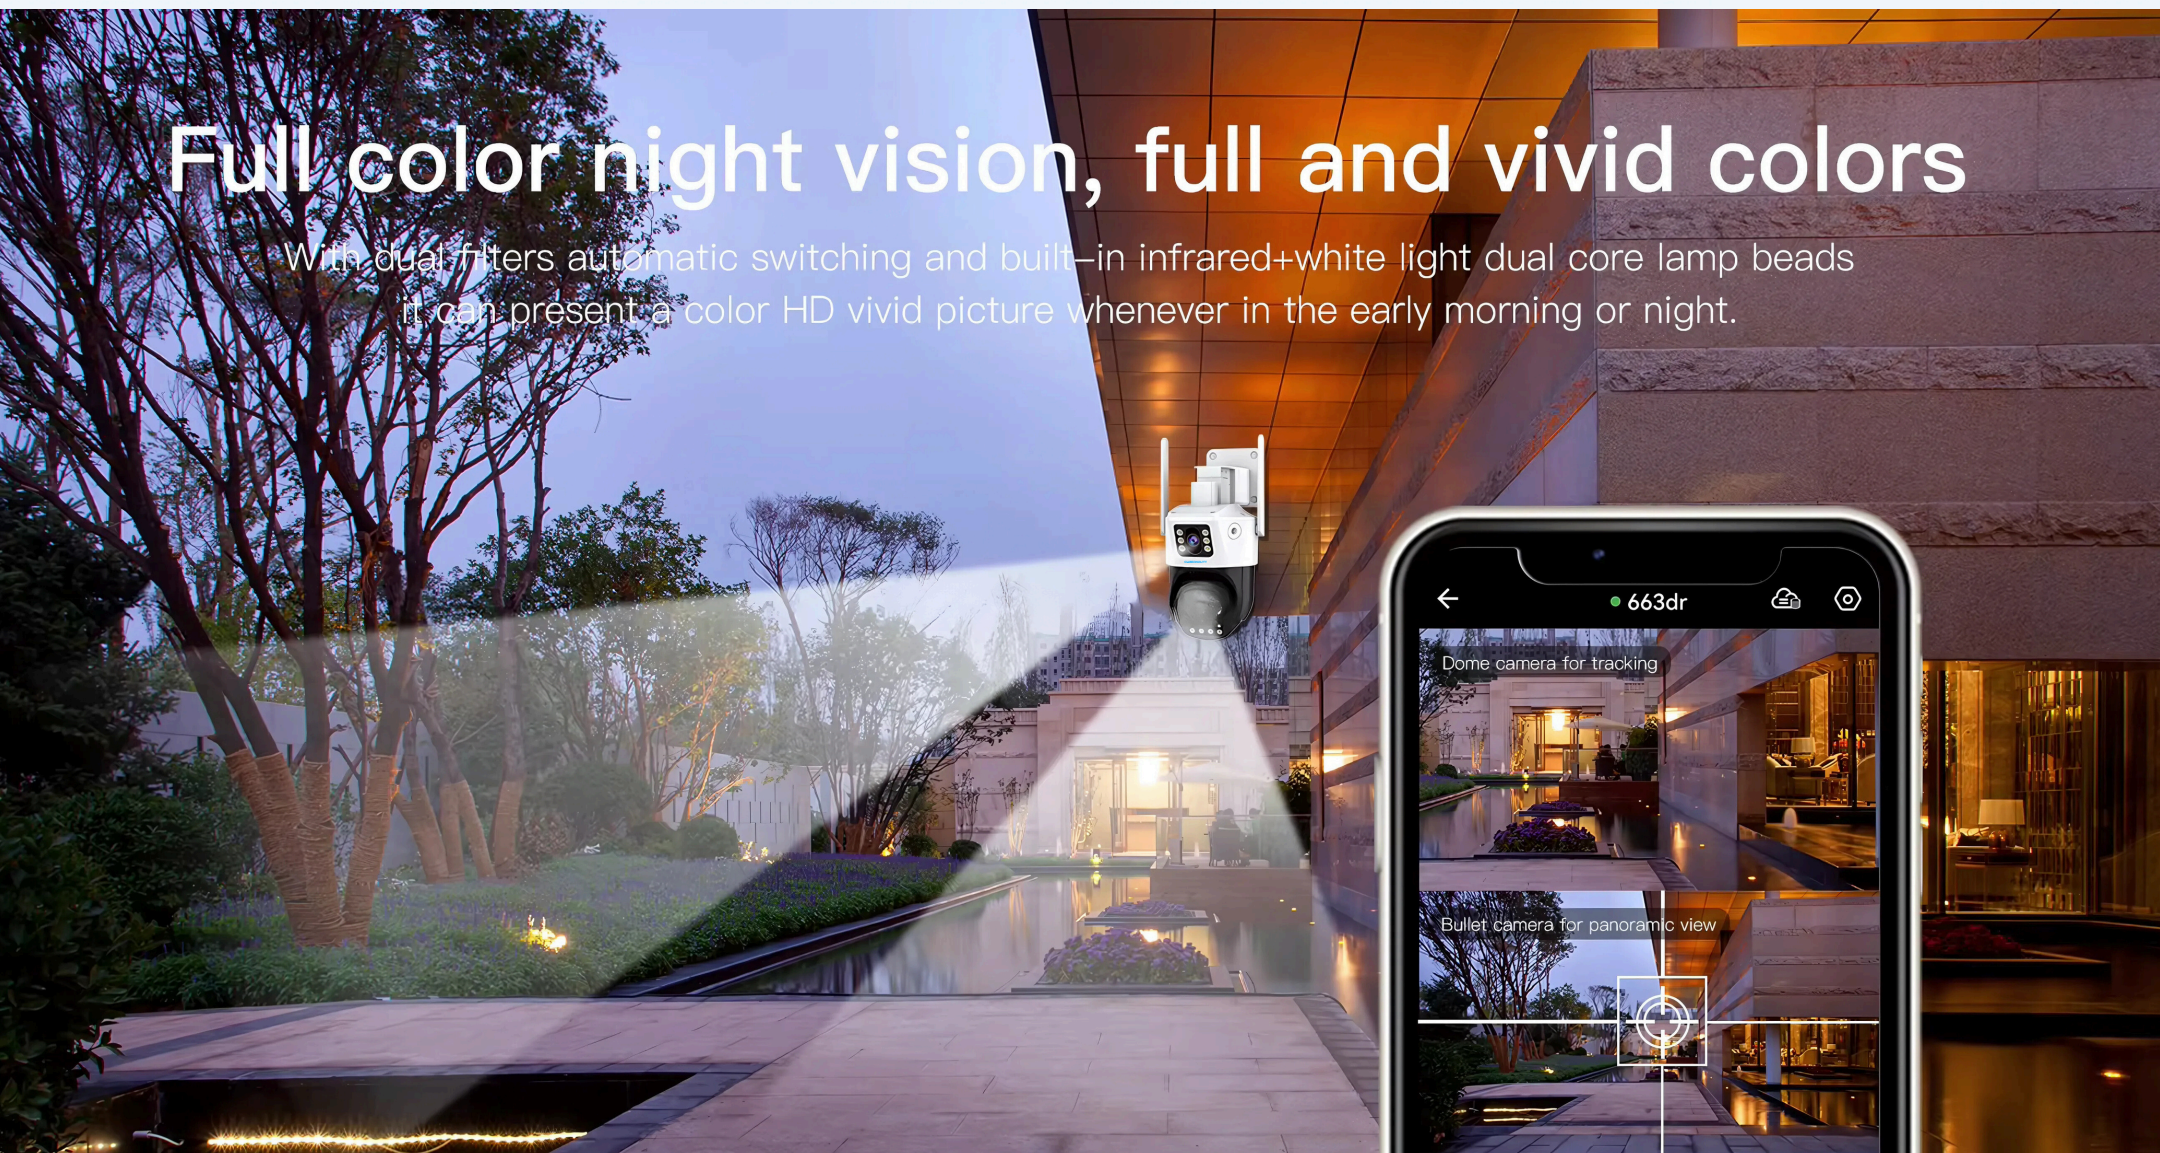

## Multi-directional rotating PT 360 deg all round protection

Full color night vision, full and vivid colors and the dome rotates flexibly up and down, left and right. Allowing you to view two different areas simultaneously; Remotely control the rotation of the PTZ, rotate to view anywhere you like.

## Full color night vision, full and vivid colors

With dual filters automatic switching and built-in infrared+white light dual core lamp beads it can present a color HD vivid picture whenever in the early morning or night.

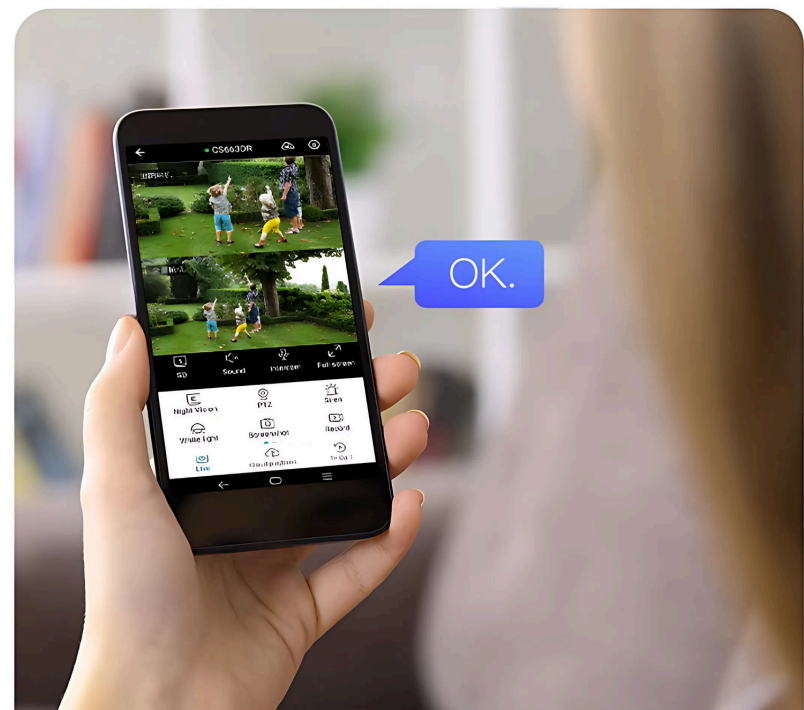

# Remote monitoring view on mobile phone anytime and anywhere

The camera is configured with dual lens channels so the bullet camera can be played simultaneously  
The ultra wide angle lens of the bullet camera ensure a comprehensive view and the dome camera provides a clear partial close up image and can be automatically track for shooting

## Easy two-way audio

Integrated speaker and high sensitivity microphone for convenient communication anytime, anywhere

# Audio visual alarm to timely stop loss.

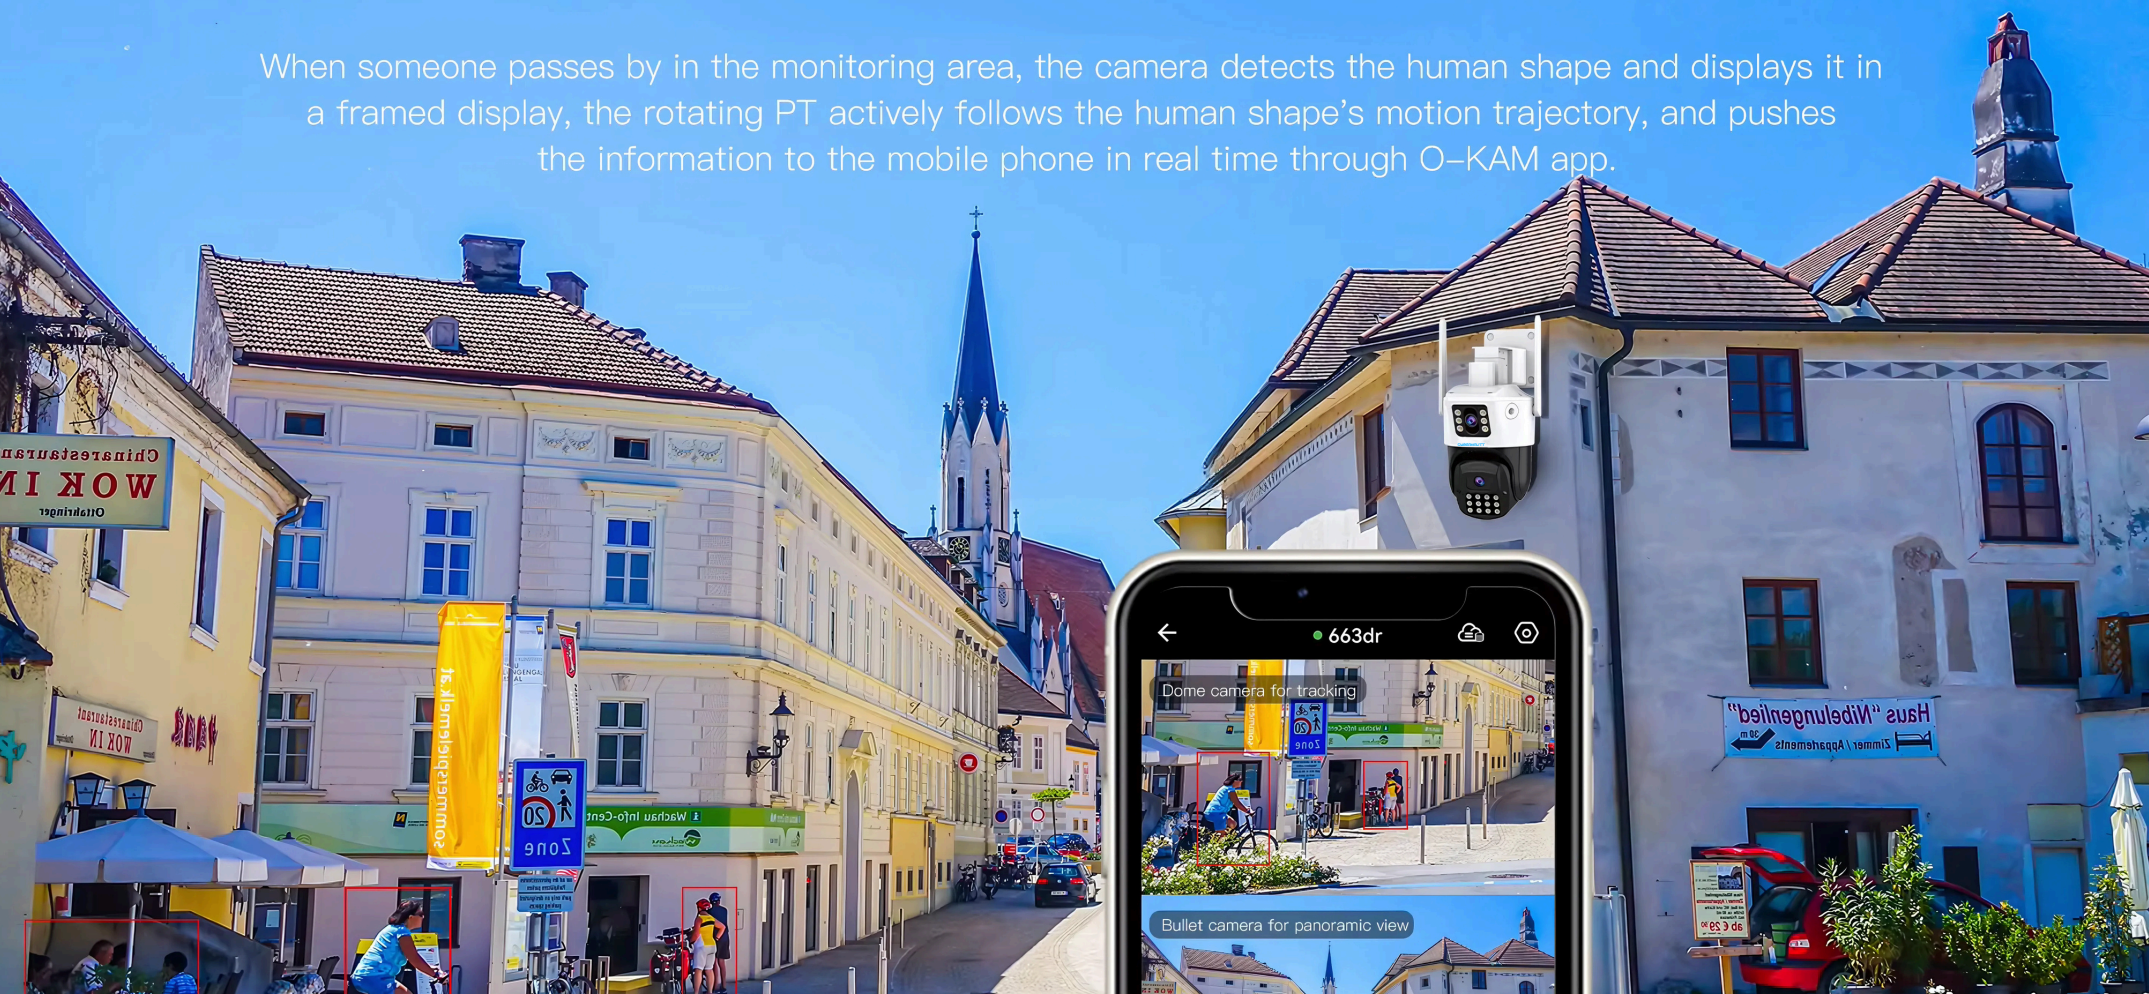

When an abnormal situation occurs in the monitoring area, the camera will alarm with a white light to deter and send a message to the APP. It prompts the house owner to handle the abnormal situation in a timely manner. The house owner can remotely shout to deter the intruder!

Private area, please leave!

## AI Humanoid detection+human movement tracking

When someone passes by in the monitoring area, the camera detects the human shape and displays it in a framed display, the rotating PT actively follows the human shape's motion trajectory, and pushes the information to the mobile phone in real time through O-KAM app.

## INDOOR/OUTDOOR SUITABILITY WATER & DUST RESISTANT

Featuring an industrial design, this camera is built to withstand challenging outdoor conditions like wind, rain, sunlight, and extreme temperatures, making it ideal for both indoor and outdoor applications

# INTEGRATED UNIVERSAL BRACKET

*Crafted with precision, featuring a built-in bracket that allows for 360-degree adjustment, offering stable support and straightforward installation*

## ABNORMAL EVENTS CAN BE REVIEWED AT ANY TIME

*It operates 24 hours a day in low-power mode, ensuring continuous monitoring. Any unusual audio or video events will be automatically recorded and saved, providing reliable security to prevent missing critical information. It supports both TF card and cloud storage for flexible playback options and convenient access.*

With TF card  
Maximum support 256G

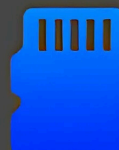

# REAL-TIME RECORDING AND SAFE STORAGE

*Enables simultaneous viewing of multiple devices on your mobile. Remote supervision along with multi-device access*

Cloud Storage

Supports TF Card  
(up to 256G)

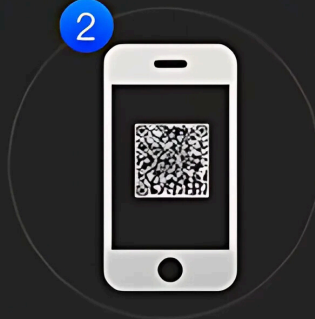

## EASY NETWORKING, SIMPLE AND FAST

1

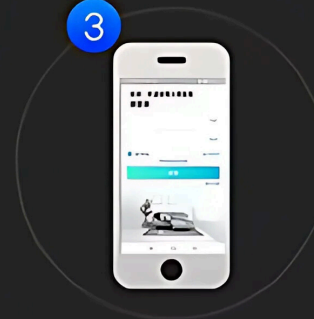

Power on the camera.

2

Scan the QR code in the manual,  
download the app,  
register an account and log in

3

Scan the QR code on the camera  
with app, Follow the  
prompts to complete networking

## PROTECT PRIVACY, GUARANTEE SAFETY

*Four distinct security protocols to safeguard against  
privacy breaches*

Prompt for remote login of account

Software will record the region where you usually log in to your account. Once the account logs in in other regions, the software will prompt the account to log in in different places.

Mobile phone and email binding

Account can bind email account and mobile phone number. You can receive verification code through email or mobile phone and change account password.

## O8S

### Product Description

#### **Dual High-Definition Lenses**

Experience the power of 8MP Ultra HD Smart Linkage with both 4MM and 8MM fixed lenses for unparalleled clarity.

#### **Unmatched Pan/Tilt Technology**

Gain a complete perspective with an impressive 350 degrees of horizontal rotation and 90 degrees vertical movement. This camera's Pan/Tilt capability offers extensive coverage, enabling you to monitor your environment with both flexibility and precision.

#### **Clear Two-Way Audio Communication**

Engage in real-time conversations with ease, thanks to the high-sensitivity microphone and speaker integrated into the camera. Benefit from seamless two-way audio for everything from security discussions to enhancing your connection with those around you.

#### **Smart Human Tracking for Superior Security**

Protect your space proactively with intelligent human tracking. The camera effortlessly follows individuals who enter predetermined zones, providing immediate alerts so you can react swiftly to any potential threats.

#### **Versatile Storage and Effortless Connectivity**

Customize your storage solutions with support for Micro SD cards up to 256GB, alongside optional cloud storage. Enjoy seamless connections via Wifi Sim, utilizing convenient QR code scanning for a fast and secure camera
