No power cable, No Network Cable

Description

REAL-TIME MONITORING & SD CARD COMPATIBILITY

Prepare to get started in no time! By adding a 128 GB SD card (available separately), you can conveniently save nearly a month's worth of video recordings. Thanks to loop recording, you can enjoy live feeds from any location around the globe.

ENHANCED NIGHT VISION

This device features built-in illuminating lights that are perfect for warding off potential intruders from a distance. You have three options—glowing IR, bright lights, or Auto mode. Additionally, the robust speaker and microphone facilitate two-way communication, enabling you to give commands from anywhere.

SIM CARD SLOT

No Wi-Fi connection? No worries! Just insert a SIM card into this camera for instant live monitoring. It functions as an independent system with broad coverage, complemented by its PTZ capabilities. Easily control camera movements up/down and left/right via the app, eliminating the need for complex wiring.

WATER-RESISTANT & ALL-WEATHER

With an IP66 waterproof rating, this camera is designed to withstand even the toughest weather conditions. Made specifically for outdoor use, it provides full HD resolution for crisp and detailed video.

MOTION DETECTION & AUTO TRACKING

This camera utilizes sophisticated AI to identify movement, offering options for motion-activated recordings. Its smart auto-tracking feature allows it to automatically follow moving subjects. Tailor alarms to your security

Technical Specification

AI Functions	Human Detection
Color Night Vision	YES
Solar Panel Power	10W
Rechargeable Battery	Built in
Megapixels	5mp
Installation	Normal,Wall Mounted,Pendant Mount,Vertical Pole Mount
Supported Operating Systems	No
Connectivity	4G
Style	Box Camera
Shell Material	Plastic
IP Rating	IP66
Power Mode	Battery Powered,Solar Powered
Scene	Outdoor
TF Card	128G TF Card
Color	White
Special Features	Waterproof / Weatherproof
Lens (mm)	2MM
High Definition	5.0 Megapixels
