Technical Specifications

Model number	Cybernautt X5L 5 Mp Solar Street Light Camera
Included Components	SOLAR LIGHT
Form Factor	Bullet
Material	Acrylonitrile Butadiene Styrene
Wattage	300 Watts
Water Resistance Level	Waterproof
Item Weight	2.5 kg
Low light technology	Night Color
Alert Type	Motion Only
Light Source Type	LED
Photo Sensor Technology	CMOS
International Protection Rating	IP66
Control Method	Remote
Warranty	1 year

Description

Comprehensive Security and Illumination System

Merges a high-resolution camera with bright solar-enabled street lights to enhance outdoor safety.

Smart Motion Detection

Cutting-edge AI technology astutely identifies movement, minimizing false alarms and ensuring precise monitoring.

Solar Powered

Features a built-in solar panel for energy-efficient functionality without the need for electrical connections.

Waterproof Construction

IP66-rated waterproof design ensures dependable performance in any weather, delivering year-round security.

Remote Control Capabilities

Easily modify lighting and camera configurations through the included remote for ultimate ease of use.

HD Video and Night Vision

Delivers crisp video recordings day and night, guaranteeing continuous surveillance.
