# Technical Specification

Model Number	Cybernautt X5M 5mp 4g Solar Camera
Operating system	Android, IOS
APP:	V380 PRO
Sensor:	GC2063 Gcoreinc image sensor
Video compressed format:	H.264+/H.265
4G Network :	4G-BAND1/3/5/8/38/39/40/41
Detection method:	PIR + Radar dual induction detection
Detection angle:	120°
Alarm method:	Double induction confirmation and push alarm information mobilephone
Pan-tilt:	Horizontal: 355 °, vertical: 90°
Rotate speed	Horizontal 55°/seconds, vertical 40°/seconds
Full color night vision:	minimum illumination 0.00001LUX
IR Leds	6pcs Dual Core LED
Infrared Led:	Infrared LED distance: 20M ,effective distance :8M
White Led:	White LED distance: 20M, effective distance :8M
Built-in speaker:	3W
Built-in microphone:	Audio pick-up about 20M
Lens:	fixed-focus 4mm
Angle:	80°
Local storage:	Memory card ( Max 128G )
power supply mode :	solar panel + 8000MAH battery
Solar panel power:	7.5W
Battery capacity	Built-in 8000mah battery
Operating power	daytime: 350-400ma,Night time:500-550ma
Standby power	5 mAh
work environment:	IP66 Waterproof,can use indoor and outdoor
Working temperature:	-30°~+50°
Working humidity:	0%~80%RH

# Description

## **Never fret about losing power again –**

Our solar-powered security camera harnesses the brilliance of Cybernautt solar panels to remain perpetually charged, offering you seamless wireless security without any of the wiring fuss. Wave farewell to interruptions caused by the weather!

## **Keep tabs on your surroundings around the clock –**

With its impressive ability to tilt, pan, and fantastic 2K night vision, our dome security camera captures every nuance with stunning clarity, even in dim lighting. See clearly up to 40 feet in complete darkness!

## **Stay ahead of the game with smart motion detection –**

Featuring an ultra-sensitive digital PIR motion sensor, our camera excels in distinguishing humans from vehicles while sending you instant alerts. Capture events on a micro SD card for easy playback and download later.

## **Swift and simple setup, rain or shine –**

Designed for indoor and outdoor use, our camera offers hassle-free installation. With weatherproof certification, it's ready to perform no matter the conditions. Just scan the QR code using our free app, and you're ready for action!

## **Enjoy reassurance with secure storage –**

Your footage is safely stored on a local SD card (up to 128GB, not included) and can be accessed and replayed anytime and anywhere through our app or software. Connect and chat with loved ones and keep prowlers at bay, even when you're away!
