Description

REAL-TIME MONITORING & SD CARD COMPATIBILITY

Prepare to get started in no time! By adding a 128 GB SD card (available separately), you can conveniently save nearly a month's worth of video recordings. Thanks to loop recording, you can enjoy live feeds from any location around the globe.

ENHANCED NIGHT VISION

This device features built-in illuminating lights that are perfect for warding off potential intruders from a distance. You have three options—glowing IR, bright lights, or Auto mode. Additionally, the robust speaker and microphone facilitate two-way communication, enabling you to give commands from anywhere.

SIM CARD SLOT

No Wi-Fi connection? No worries! Just insert a SIM card into this camera for instant live monitoring. It functions as an independent system with broad coverage, complemented by its PTZ capabilities. Easily control camera movements up/down and left/right via the app, eliminating the need for complex wiring.

WATER-RESISTANT & ALL-WEATHER

With an IP66 waterproof rating, this camera is designed to withstand even the toughest weather conditions. Made specifically for outdoor use, it provides full HD resolution for crisp and detailed video.

MOTION DETECTION & AUTO TRACKING

This camera utilizes sophisticated AI to identify movement, offering options for motion-activated recordings. Its smart auto-tracking feature allows it to automatically follow moving subjects. Tailor alarms to your security

Technical Specification

Model Number	X5P
Operating system	Android, IOS
APP:	V380 Pro
Sensor:	GC2063 Gcoreinc image sensor
Video compressed format:	H.264+/H.265
Resolution:	1920*1080 / 1080P HD
Network connection:	4G
Detection method:	PIR + Radar dual induction detection
Detection distance:	0~12M
Detection angle:	120°
Alarm method:	Double induction confirmation and push alarm information mobilephone
Pan-tilt:	Horizontal: 270 °, vertical: 120°
Rotate speed	Horizontal 55°/seconds, vertical 40°/seconds
Full color night vision:	minimum illumination 0.00001LUX
Infrared Led:	Infrared LED distance: 30M ,effective distance :10M
White Led:	White LED distance: 30M, effective distance :10M
Built-in speaker:	3W
Built-in microphone:	Audio pick-up eara about 20M
Lens:	fixed-focus 4mm
Angle:	120°
Cloud storage:	Cloud Storage (Alarm video)
Local storage:	TF card(Max 128G)
power supply mode :	solar panel + 3.7V
Solar panel power:	7W
