Hot Day

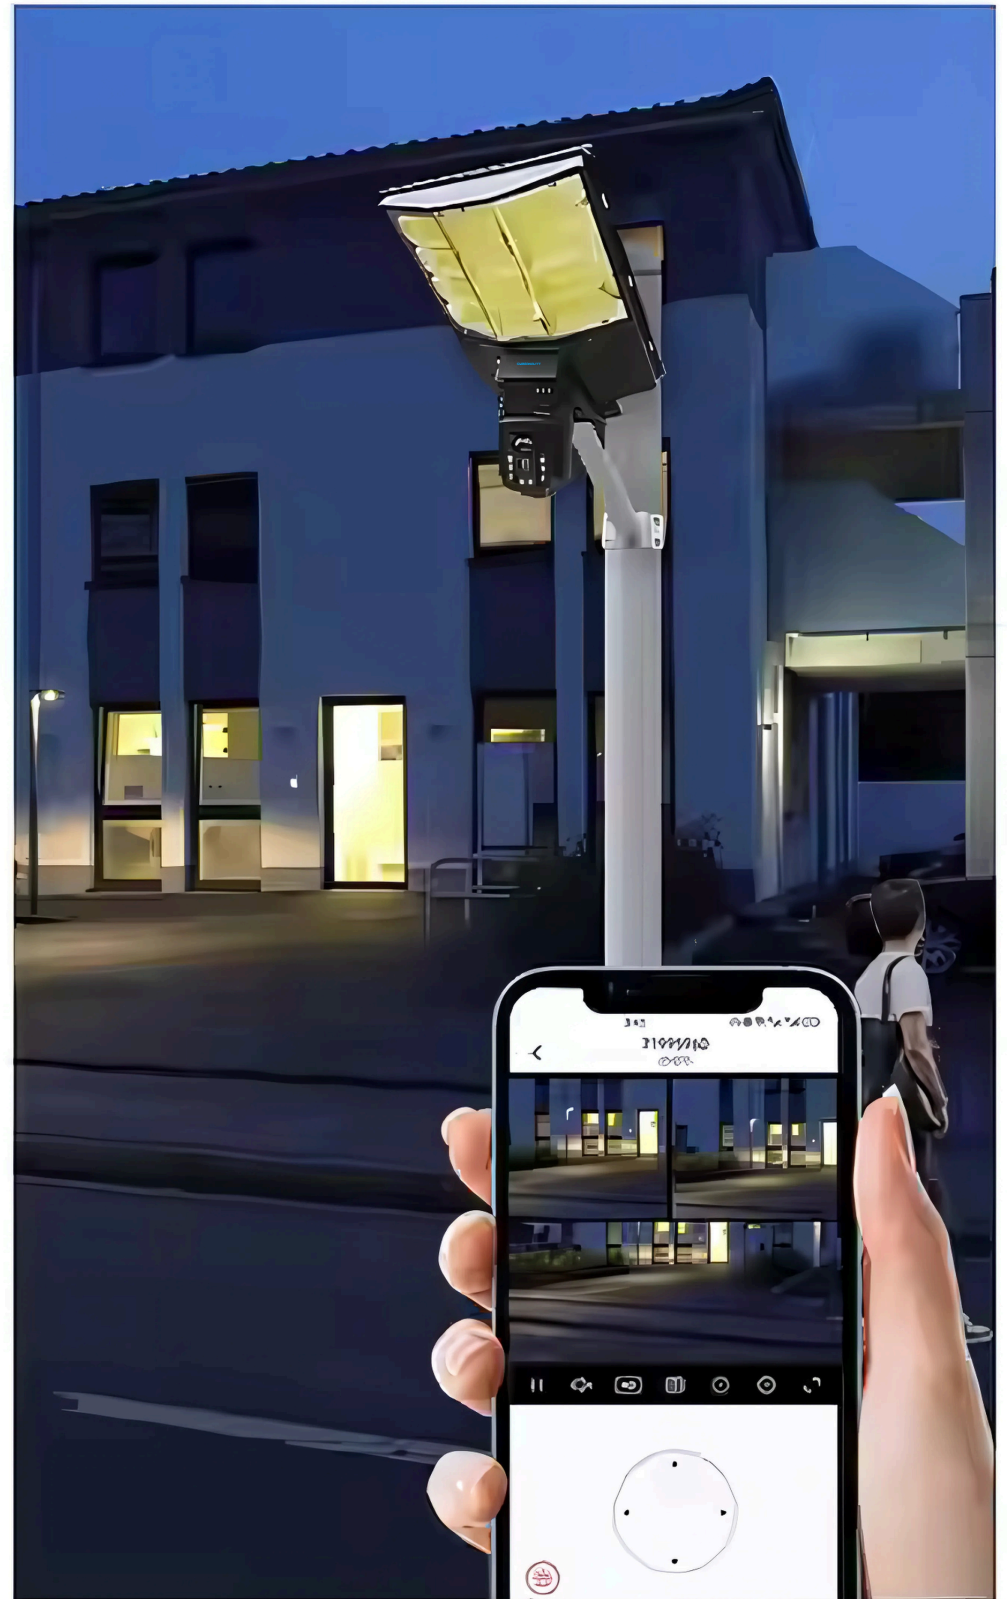

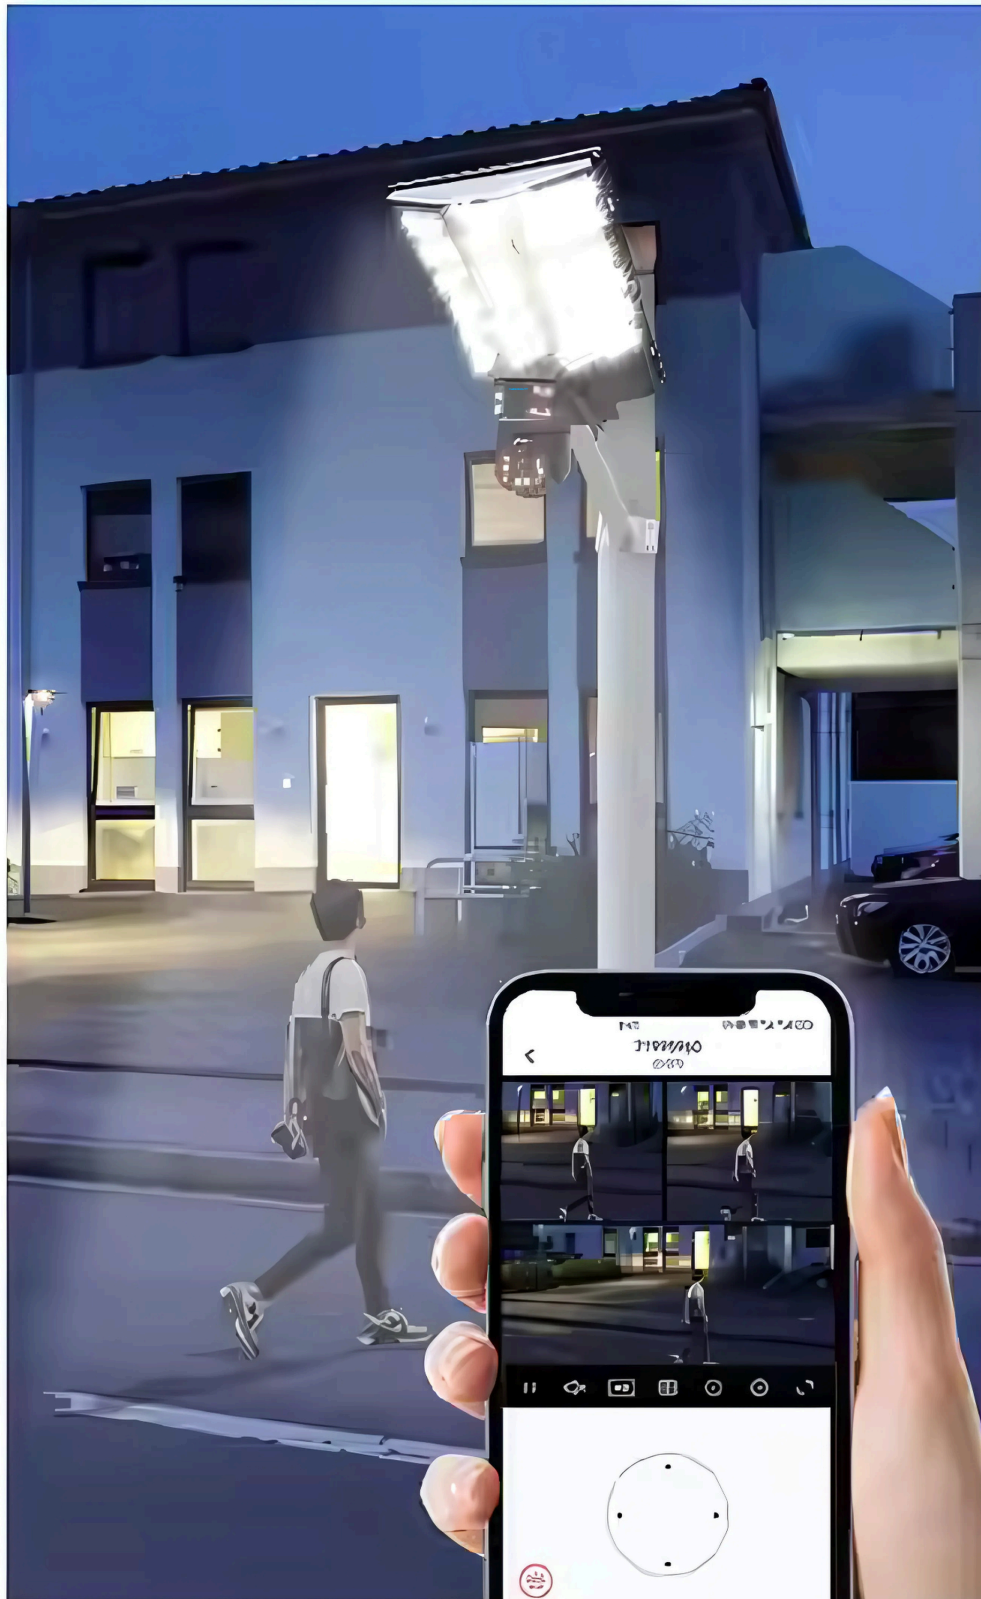

Intelligent Energy-Saving Mode

When light hits the solar panel, the system senses the charging current and recognizes it as daytime, prompting the street light to switch to intelligent energy-saving mode. During this time, the camera cannot control the solar street light, but it continues to operate normally; meanwhile, the solar street light remains off

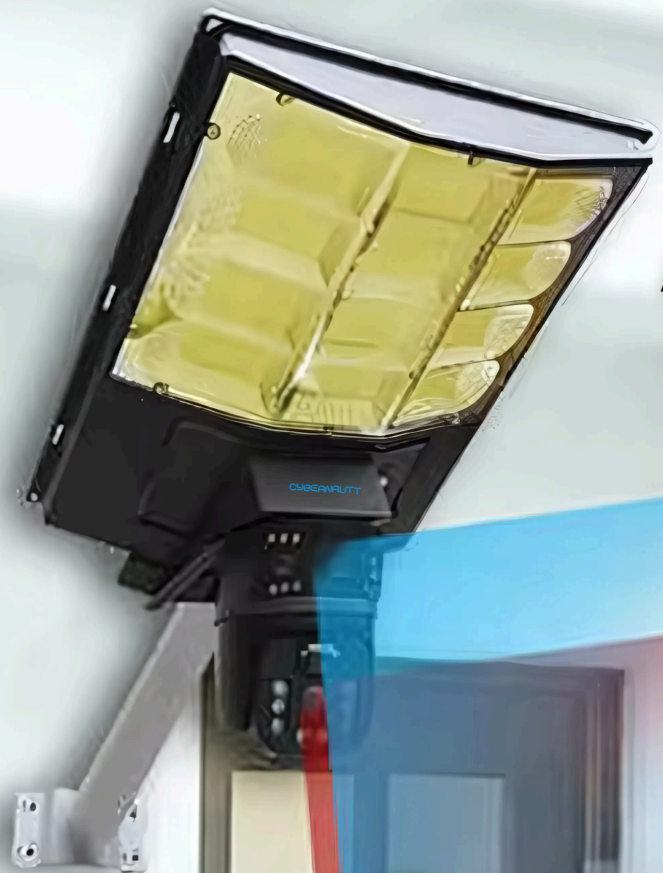

Detects Human - Light ON, No movement - Light OFF

You can also configure the dome camera's operating mode to enable motion detection features, such as automatically turning on the light when someone enters and switching it off when they exit the monitored area.

PIR HUMAN DETECT

Auto Sleep function without recording

PIR human detection wake up the camera and record

USAGE SCENARIOS

Can be used in variety of environments

Suitable for outdoor courtyards

Suitable for outdoor farms

Suitable for outdoor fish ponds

Suitable for outdoor orchard

Description

1. Experience high resolution street light camera with Cybernautt X8L Solar Light 8 Mp, featuring NIGHT VISION and PAN-TILT control. Waterproof and built-in siren.
2. Solar-powered PTZ camera with advanced features like TWO-WAY AUDIO, motion detection, and sound detection. Perfect for outdoor surveillance.
3. Monitor your outdoor space with the Cybernautt X8L Solar Light 8 Mp camera. Features include human motion tracking, two-way audio, and waterproof design.
4. Keep an eye on your property with the Cybernautt X8L Solar Light 8 Mp camera. Enjoy features like PAN-TILT control, low power consumption, and night vision.
5. The Cybernautt X8L Solar Light 8 Mp camera offers high-quality video compression in H.265 format. Secure your footage with cloud, memory card, or SD card storage options.
6. Stay connected with the V380 Pro mobile app for the Cybernautt X8L Solar Light camera. Enjoy features like PIR detection, humanoid motion detection, and alarm I/O.
7. Enhance your outdoor security with the Cybernautt X8L Solar Light 8 Mp camera. Features include wide-angle lens, reset function, and built-in siren for added protection.
8. Invest in the Cybernautt X8L Solar Light 8 Mp camera for reliable surveillance. With a working temperature range of -10°C~+60°C, this camera is designed for outdoor use.
9. Protect your property with the Cybernautt X8L Solar Light 8 Mp camera. Features like infrared dot matrix lamps, water resistance, and CMOS sensor ensure clear footage.
10. Upgrade your outdoor security system with the Cybernautt X8L Solar Light 8 Mp camera. With a 15W solar panel and 4G interface, this camera is efficient and reliable.

Technical Specification

Model Number	Cybernautt X8L Solar Light 8 Mp High Resolution Street Light Camera
Mobile App	V380 Pro
Special Features	Built-in Siren, Human Motion Tracking, Low Power, Motion Detection, NIGHT VISION, PAN-TILT, Sound Detection, Two-way Audio,Waterproof / Weatherproof
Sensor	CMOS
Style	PTZ camera, solar camera
Function	Abnormal sound detection, Alarm I/O, Built-in Mic, Built-in Siren, NIGHT VISION, PAN-TILT, RESET, Two-way Audio, Waterproof /Weatherproof, Wide Angle
Video Compression Format	H.265
Data Storage Options	Cloud, Memory Card, SD Card
Application	Outdoor
Video compression standard	H.265_ AVI
Pan tilt control	horizontal 355 ° vertical 90 °
interface	4G
Special features	PIR detection Humanoid motion detection
Power supply	Panel battery powered, 15W panel
working temperature	-10°C~+60°C; Working humidity: ≤ 75%
LED light	infrared dot matrix lamps+white LED lamps
