

CYBERNAUTT

X9K-B

Battery powered camera

When nobody

When a human
shape is detected

CYBERNAUTT

Weatherproof

Anti-lighting

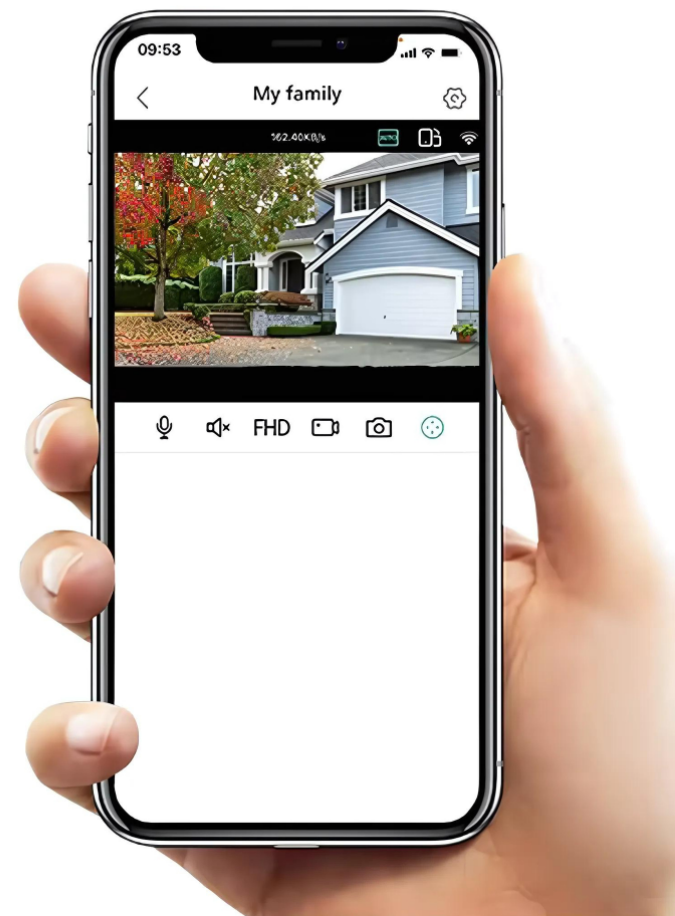

Thermostability

Antifreeze

CYBERNAUTT

Easy Setup For Multi-platform

iphone

Andorid

Windows

Web

TF Memory Card

Reset Button

Designed
For indoor / Outdoor

Dual Antenna

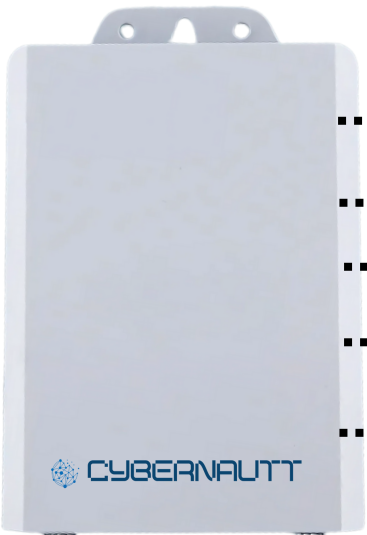

Built-in Mic

Waterproof Case

Lens

4pcs Integrated
Dual-light LED

Speaker

7800 mah battery

10-16 hrs backup

overcharge protection

short circuit protection

Water proof

2 Connection Methods

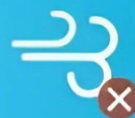

Kindly note : The camera not include lan network cable

1 . Wireless connections

2 . Wired connection

Human detection

Acusense Technology efficient Alarm of Human

2-way voice call

10-15m human ear level pickup

Applicable installation Environment

Suitable for outdoor courtyards

Suitable for outdoor farms

Suitable for outdoor fish ponds

Suitable for outdoor orchard

Technical Specifications

Model	X9K		
Mobile Application	V380 Pro		
Resolution	2.0MP 1920*1080P		
Lens	4MM		
Pan-tilt	Rotates Horizontal:355° Vertical： 90°		
Video compression standard	H.265/20FPS		
Led	White Led + Infrared LED		
Connection method	WIFI, AP hotspot , RJ45 Network port		
Night vision	IR-CUT switch Automatic , about 5-8meters (It varies from environment) White Led can be remote control via APP: ①Turn ON ②Turn OFF ③ Auto		
Audio	Built-in microphone and speaker, support two-way audio and real-time transmission , audio compression standard, self-adapt to code stream		
Alarm	①Motion detection and picture push ②AI Human intrusion Detection (optional)		
Storage	TF Card (Max 128Gb) ; Cloud storage /Cloud disk (optional)		
Power input	12V/2A		
Work environment	Working temperature:-10℃ ~ + 55℃ Working Humidity: ≤95%RH		
Battery Functions	110-240V	12V 2A	7800MAH
Battery Functions	overcharge overcurrent protection	short circuit overvoltage protection	Waterproof

Description

FULL HD & VIBRANT COLOR VISION :

Stay connected to your space—be it your home, office, garage, or workshop—with the sleek Camera. Experience Full HD live monitoring from anywhere across the globe; just link it to your Wi-Fi and unlock real-time surveillance. Equipped with pure white LEDs, this camera ensures sharp, color-rich visuals even at night. Thanks to the synergy of the LEDs and IR capabilities, you can rest easy knowing everything is under watchful eyes.

INTELLIGENT MOTION DETECTION & INTEGRATED ALARM :

Featuring advanced Smart AI Technology, this camera boasts a customizable Motion Detection feature. Select specific zones for monitoring, and the camera will promptly activate the alarm at the slightest hint of movement in those designated areas.

TWO-WAY AUDIO WITH MICROPHONE & SPEAKER :

Engage directly with anyone in proximity to the camera. The built-in microphone and speaker not only let you communicate but also empower you to tailor your recording settings—choose whether to capture audio along with your video. Total control is at your fingertips.

IP66 WEATHERPROOF DURABILITY :

Designed with an IP66 rating and sturdy construction, this camera thrives in harsh weather conditions. With assurance, it's built to endure temperatures ranging from -10° to 55° C, ensuring reliable operation no matter the elements.

SD CARD & CLOUD RECORDING OPTIONS :

Opt for seamless recording with a choice between SD card storage or cloud backup. For those who prefer cloud solutions, subscribing to cloud storage allows for additional flexibility and accessibility.

Battery backup :

Opt for seamless recording even when the power is out for up to 16 hrs .
