Description

Cybernautt Z6D - Top AI-Enhanced 3-Lens Security Camera for Unrivaled Home and Industrial Protection

Enhance your security with the Cybernautt Z6D, the leading AI-enabled security camera that covers every inch of your premises. This state-of-the-art CCTV camera boasts three lenses—two fixed and one pan-and-tilt—offering a total 6MP resolution (2MP for each lens) for crystal-clear monitoring. Suitable for both residential and industrial needs, this outdoor camera provides unparalleled security with its advanced AI features.

The Cybernautt Z6D incorporates human detection and tracking, ensuring alerts are focused only on significant activities. Customizable monitoring zones and real-time motion detection notifications keep you updated instantly. Additionally, it includes an alarm system to deter potential intruders, making this the ideal AI surveillance camera for proactive security.

Experience outstanding night vision with automatic transitions between color night mode (using LEDs) and IR night mode during low-light conditions. This Wi-Fi camera allows remote viewing via an intuitive app, so you can keep an eye on your property from anywhere across the globe. With two-way communication, you can easily engage with visitors or fend off unwelcome individuals.

The Cybernautt Z6D supports external storage up to 128GB, guaranteeing your footage is safely archived. Two lenses can be manually adjusted, while the third allows pan and tilt control directly through the app for complete horizontal and vertical coverage.

Ideal for home security, outdoor monitoring, or industrial oversight, the Cybernautt Z6D is the premier Wi-Fi CCTV camera with card compatibility, ensuring reliable connectivity even in isolated areas.

Key Features:

3-Lens Configuration: 2 fixed plus 1 pan and tilt lens for extensive coverage

6MP Total Resolution: 2MP per lens for clear, detailed video

AI-Driven Security: Human detection, tracking, and custom zone settings

Color & IR Night Vision: Automatically adjusts to changes in lighting

Two-Way Audio: Communicate via the app

Remote Pan & Tilt: Control horizontal and vertical movements

128GB External Storage: Securely store all recordings

Wi-Fi Capability: Consistent connection for remote access

Motion Alerts & Notifications: Stay updated in real-time

Select the Cybernautt Z6D, the premier AI camera for home and industrial security, and gain peace of mind with exceptional protection

TECHNICAL SPECIFICATIONS

Model	Z6D
Network	Wi-fi
Camera	2MP+2MP+2MP
Sensor	1/2.9" MIS2008*2
Detection distance	0~12M
Function	AI Human Detection ,Human Tracking ,Two Way Talk ,Full Color Night Vision ,Built-in Siren,Picture Push ,APP Remote Control,IP66 Waterproof
Detection angle	180°
Alarm method	Double induction confirmation and push alarm information mobile phone
Rotate speed	Horizontal 55°/seconds, vertical 40°/seconds
Video Compression Format	H.265
Full color night vision	minimum illumination 0.00001LUX
Cloud storage	Cloud Storage (Alarm video)
Local storage	TF card （Maximum to 128G）
APP	V380PRO
Work environment	Working temperature:-10℃ ~ + 50℃ Working Humidity: ≤95%RH
Application	Outdoor, Indoor
