Description

Cybernautt Z6H 6MP AI Security Camera with 3 Lenses & Pan-Tilt – Ultimate Home & Outdoor Surveillance Solution

Upgrade your security with the Cybernautt Z6H, the best AI-powered CCTV camera designed for home security, industrial monitoring, and outdoor surveillance. This cutting-edge Wi-Fi CCTV camera features 3 lenses with 3 views, ensuring complete coverage of every nook and corner. With a combined 6MP HD resolution (2MP per camera), it delivers crystal-clear footage, day or night.

Equipped with outstanding AI capabilities, the Cybernautt Z6H offers human detection and tracking, customizable monitoring zones, and motion detection push notifications. Its smart alarm system and sound detection ensure you're always alerted to potential threats. The camera automatically switches to color night vision with LEDs or IR night mode when light fades, providing 24/7 protection.

Key features include:

Pan-Tilt Functionality: Control one lens horizontally and vertically via the app, while the other two lenses can be adjusted manually for flexible monitoring.

Two-Way Audio: Communicate remotely with visitors or deter intruders.

External Storage: Supports up to 128GB micro SD card or cloud storage for seamless recording.

Weatherproof Design: IP66 waterproof rating ensures durability in all outdoor conditions.

Remote Viewing: Access live footage from anywhere in the world through the app.

Ideal for home security, industrial camera needs, or outdoor surveillance, the Cybernautt Z6H combines advanced AI monitoring with user-friendly features like built-in siren, wide-angle lenses, and H.265 video compression for efficient storage.

Experience the best in AI security cameras with the Cybernautt Z6H – your ultimate solution for smart, reliable, and customizable surveillance. Protect what matters most with this top-rated CCTV camera that redefines safety and convenience

Technical Specification

Model Number	Z6H
Special Features	NIGHT VISION, Motion Detection, Sound Detection, Built-in Siren, PAN-TILT, Two-way Audio
Sensor	CMOS
Style	PTZ camera
Function	Two-way Audio, PAN-TILT, RESET, Built-in Mic, Waterproof / Weatherproof, Wide Angle, Built-in Siren
Video Compression Format	H.265
Data Storage Options	Cloud, Micro SD card, Memory Card, SD Card
Application	Outdoor
Lens	three lens camera 3.6mm
Night vision	support
Resolution	2mp+2mp+2mp
Power Supply	DC5V 1A
Waterproof	ip66 waterproof
Storage	Support Cloud Storage/TF Card(Max 128GB)
audio	two way audio
Motion Detection	support
