Technical Specification

Model Number	Cybernautt CS05AI AI Auto face tracking Mobile / Camera Stand
Battery Capacity	1200mAh
Charging Current	1.0A
Working Current	120mA~800mA
Work Time	2-4h
Cconsumption Power	3.0W
Best Distance	1-4m
Tracking Mode	Face recognition
Gesture Operation	OK, hand signal activated, palm paused
Main Materials	ABS
Support Mobile Phone Size	65-95mm
Place of Origin	China

Product Description

1. Discover the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand with a battery capacity of 1200mAh and gesture operation features.
2. Get your hands on the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand with face recognition and gesture operation capabilities.
3. Stay powered up with the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand with a 1200mAh battery and ABS main materials.
4. Capture your best moments with the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand that supports mobile phone sizes 65-95mm.
5. Immerse yourself in the world of technology with the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand featuring face recognition and gesture operation.
6. Explore the advanced features of the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand like OK, hand signal activated, and palm paused functions.
7. Experience convenience and innovation with the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand designed with a 1200mAh battery and 1-4m tracking range.
8. Elevate your photography and videography game with the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand made from ABS materials for durability.
9. Take your content creation to the next level with the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand offering a 2-4h work time and 3.0W power consumption.
10. Enhance your filming experience with the Cybernautt CS05AI AI Auto face tracking Mobile/Camera Stand that utilizes face recognition and gesture operation for easy use.
