EZ-P33 - 3MP Wi-Fi PT Camera

 CP PLUS

720P
Standard Security Camera

3MP
Using the CP Plus Ezylite Camera 360

3MP Camera

Designed to represent an enhanced picture quality in 3 megapixel video so that every detail can be viewed with vivid clarity and a pixilated video feed can be avoided.

360° View

The camera rotates full 360°, making it convenient for you to view the room from every angle and keep an eye all over the place even when you are away from home.

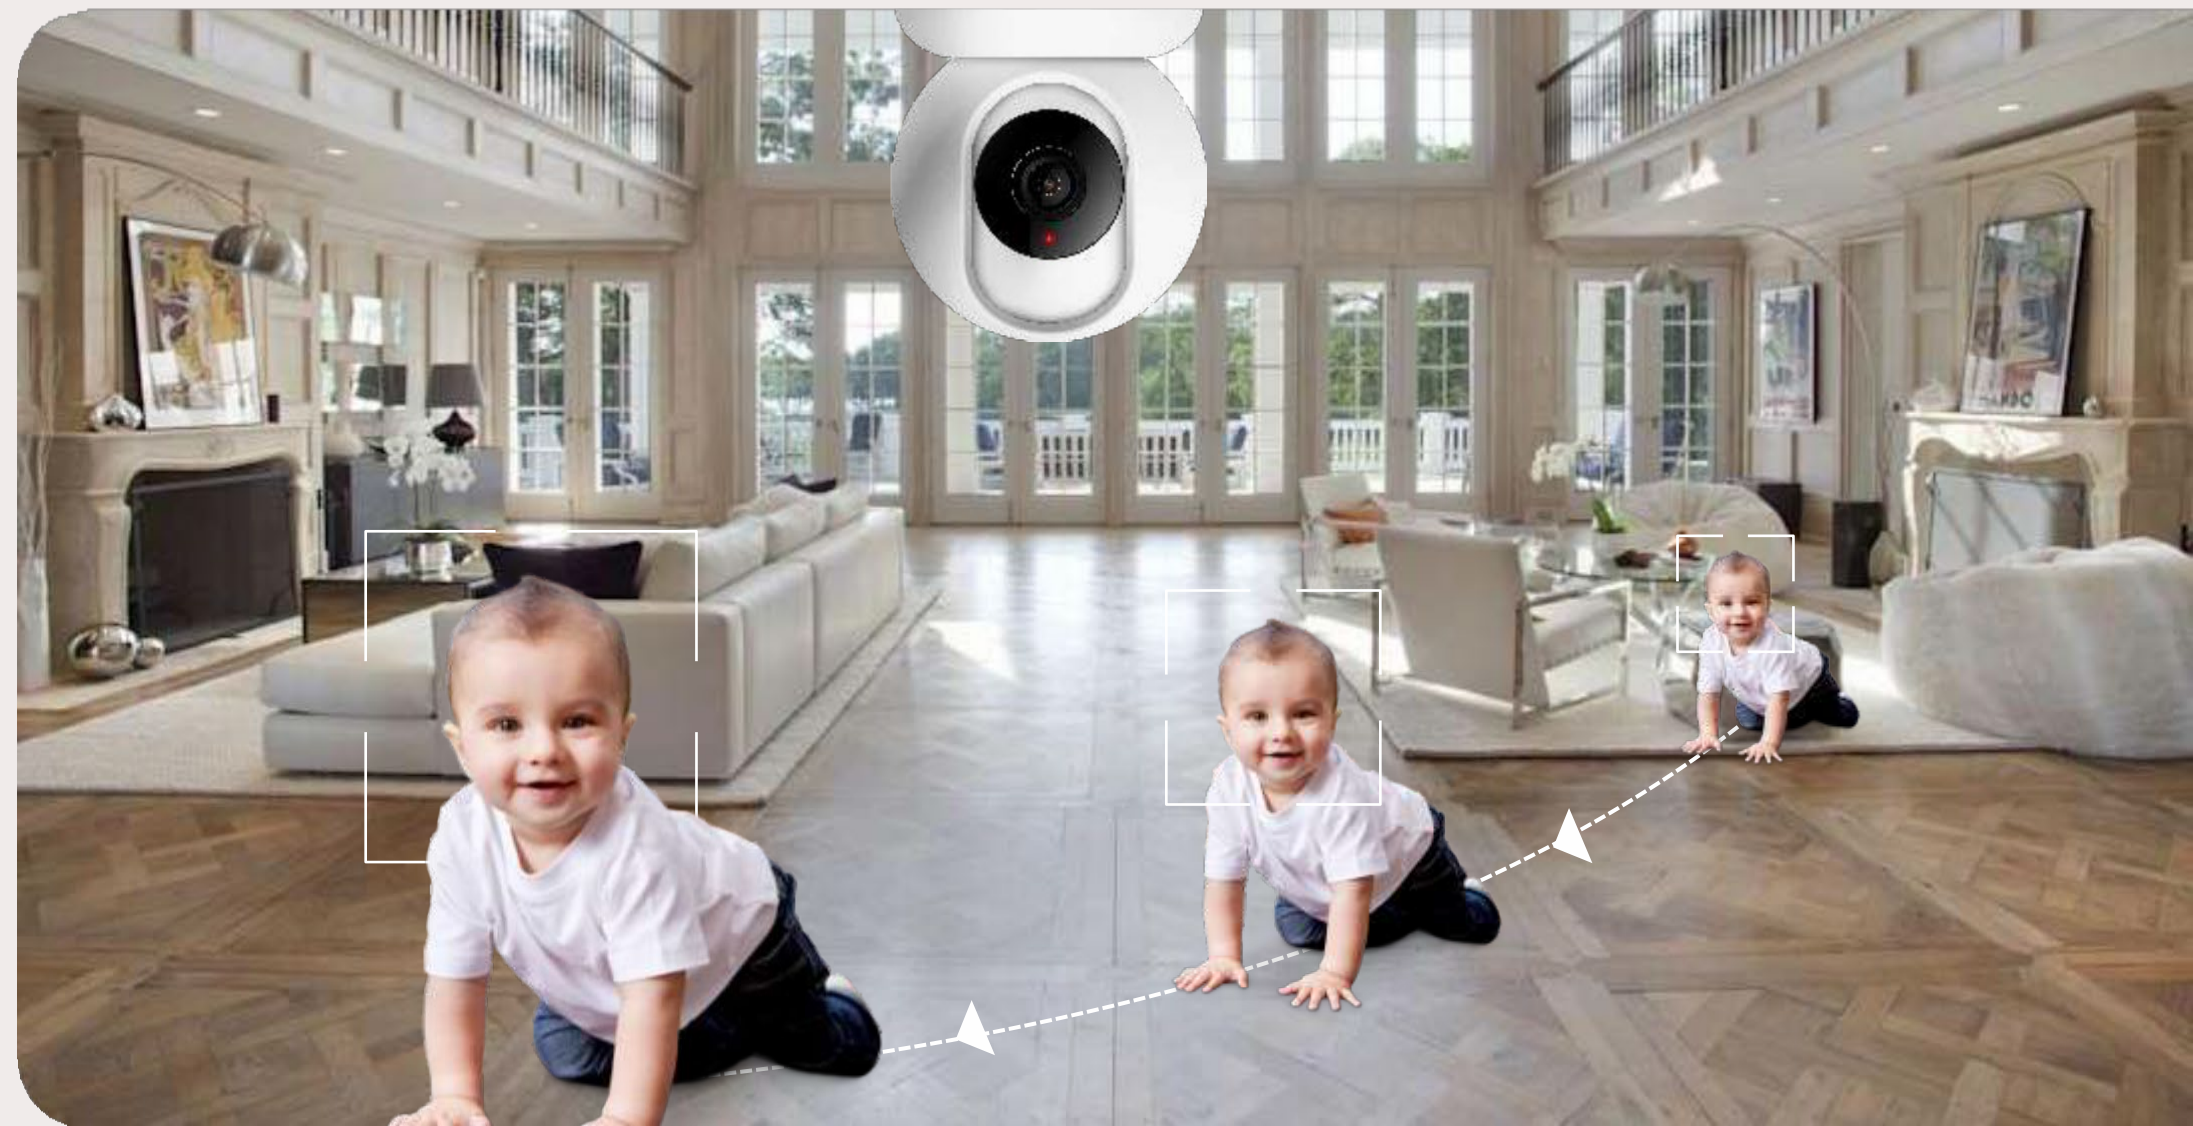

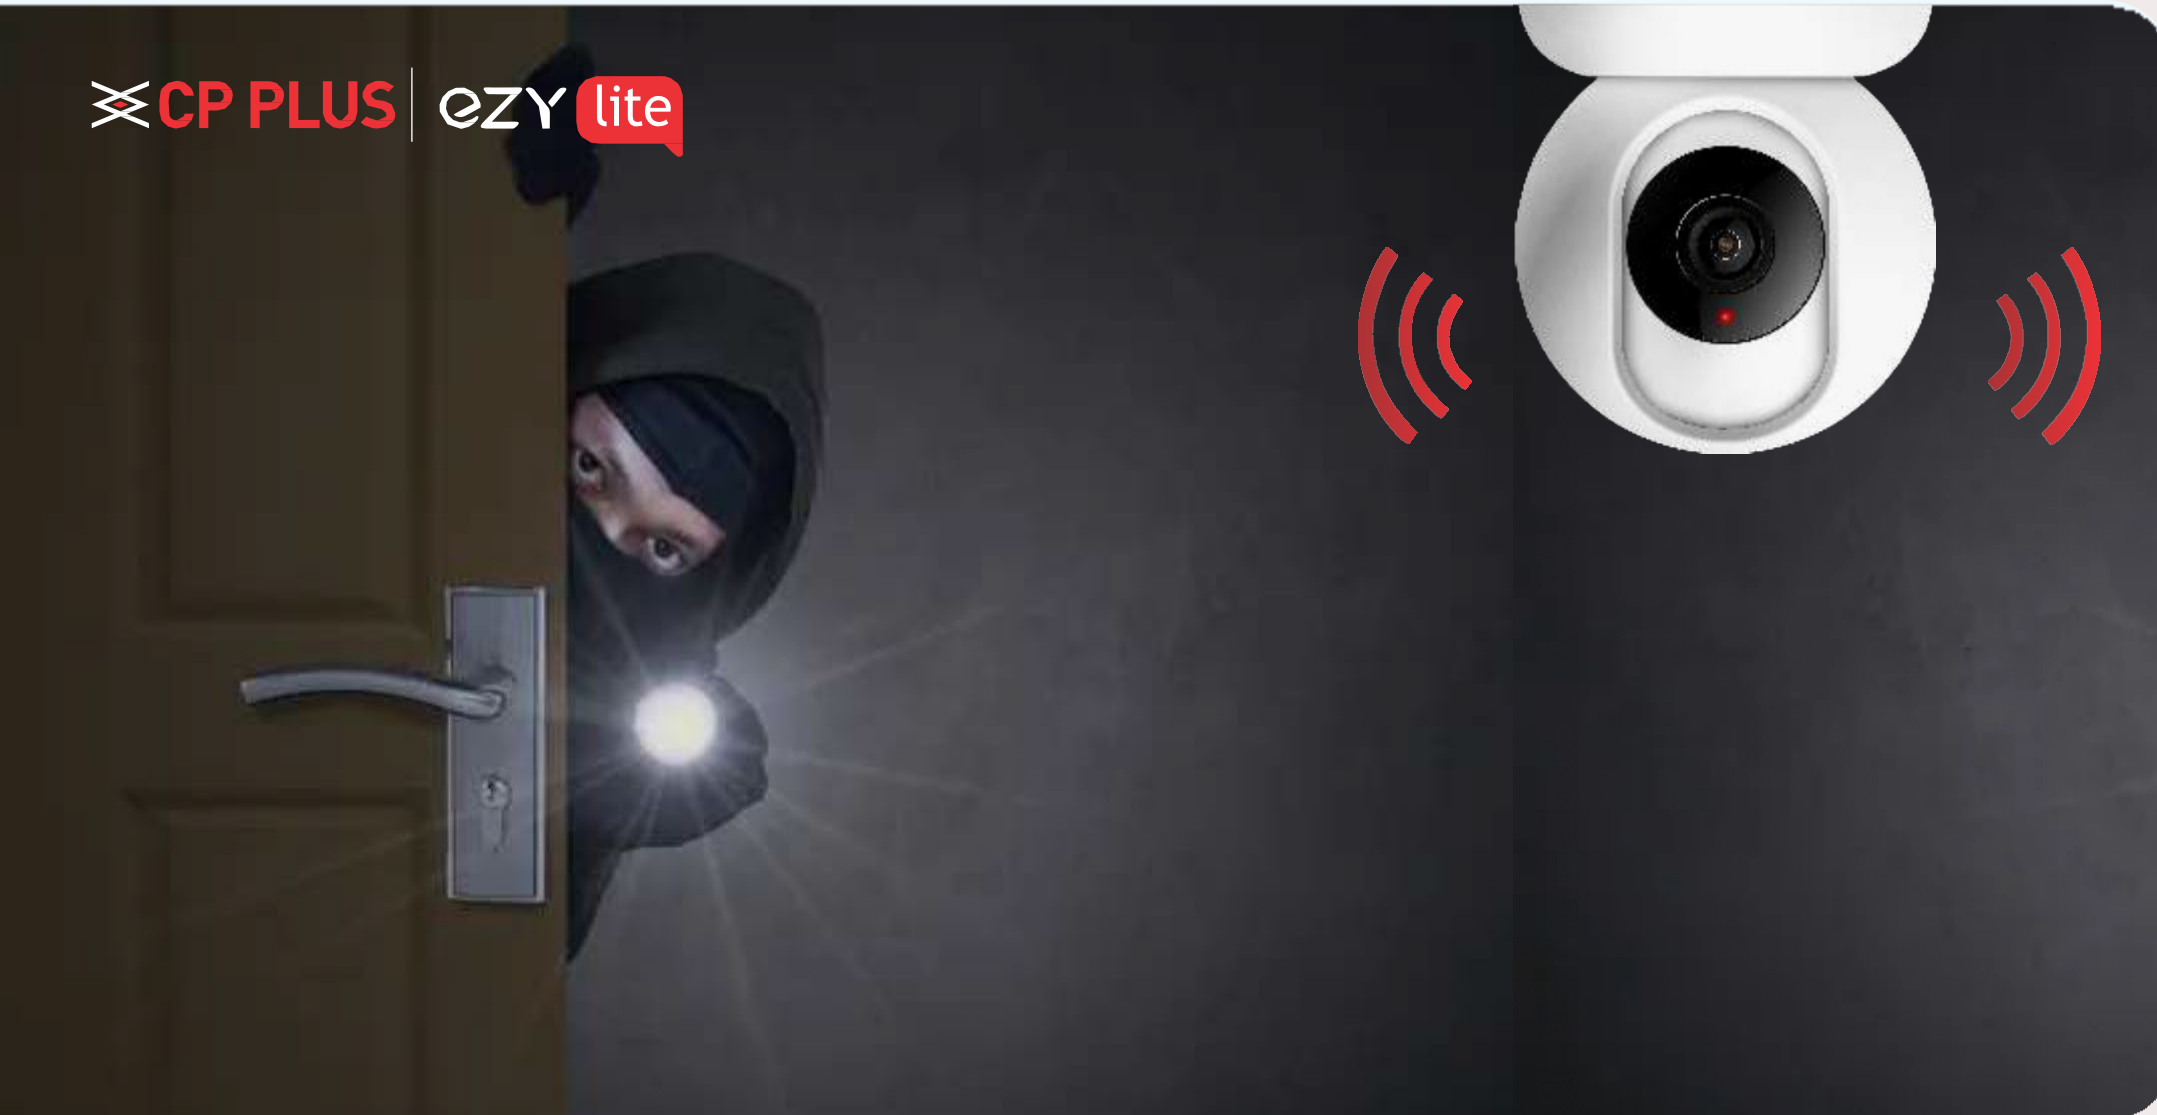

Motion detection

Designed to provide motion & human detection and intelligent alerts, which means only being alerted only when the need occurs as the camera detects people as opposed to animals, passing vehicles, or other inanimate moving objects.

Supports Motion Tracking

Whenever unexpected motion is detected in the video frame, the camera has been devised to rotate automatically to track the movement of people and record it to investigate later.

In-built Siren

When the camera detects movements in the video frame, the in-built siren automatically goes off to keep you notified in real-time to help you stop intruders effectively.

View & Talk

Enables you to stay in touch with your loved ones from anywhere, meaning you can also talk while viewing the live video feed on the phone.

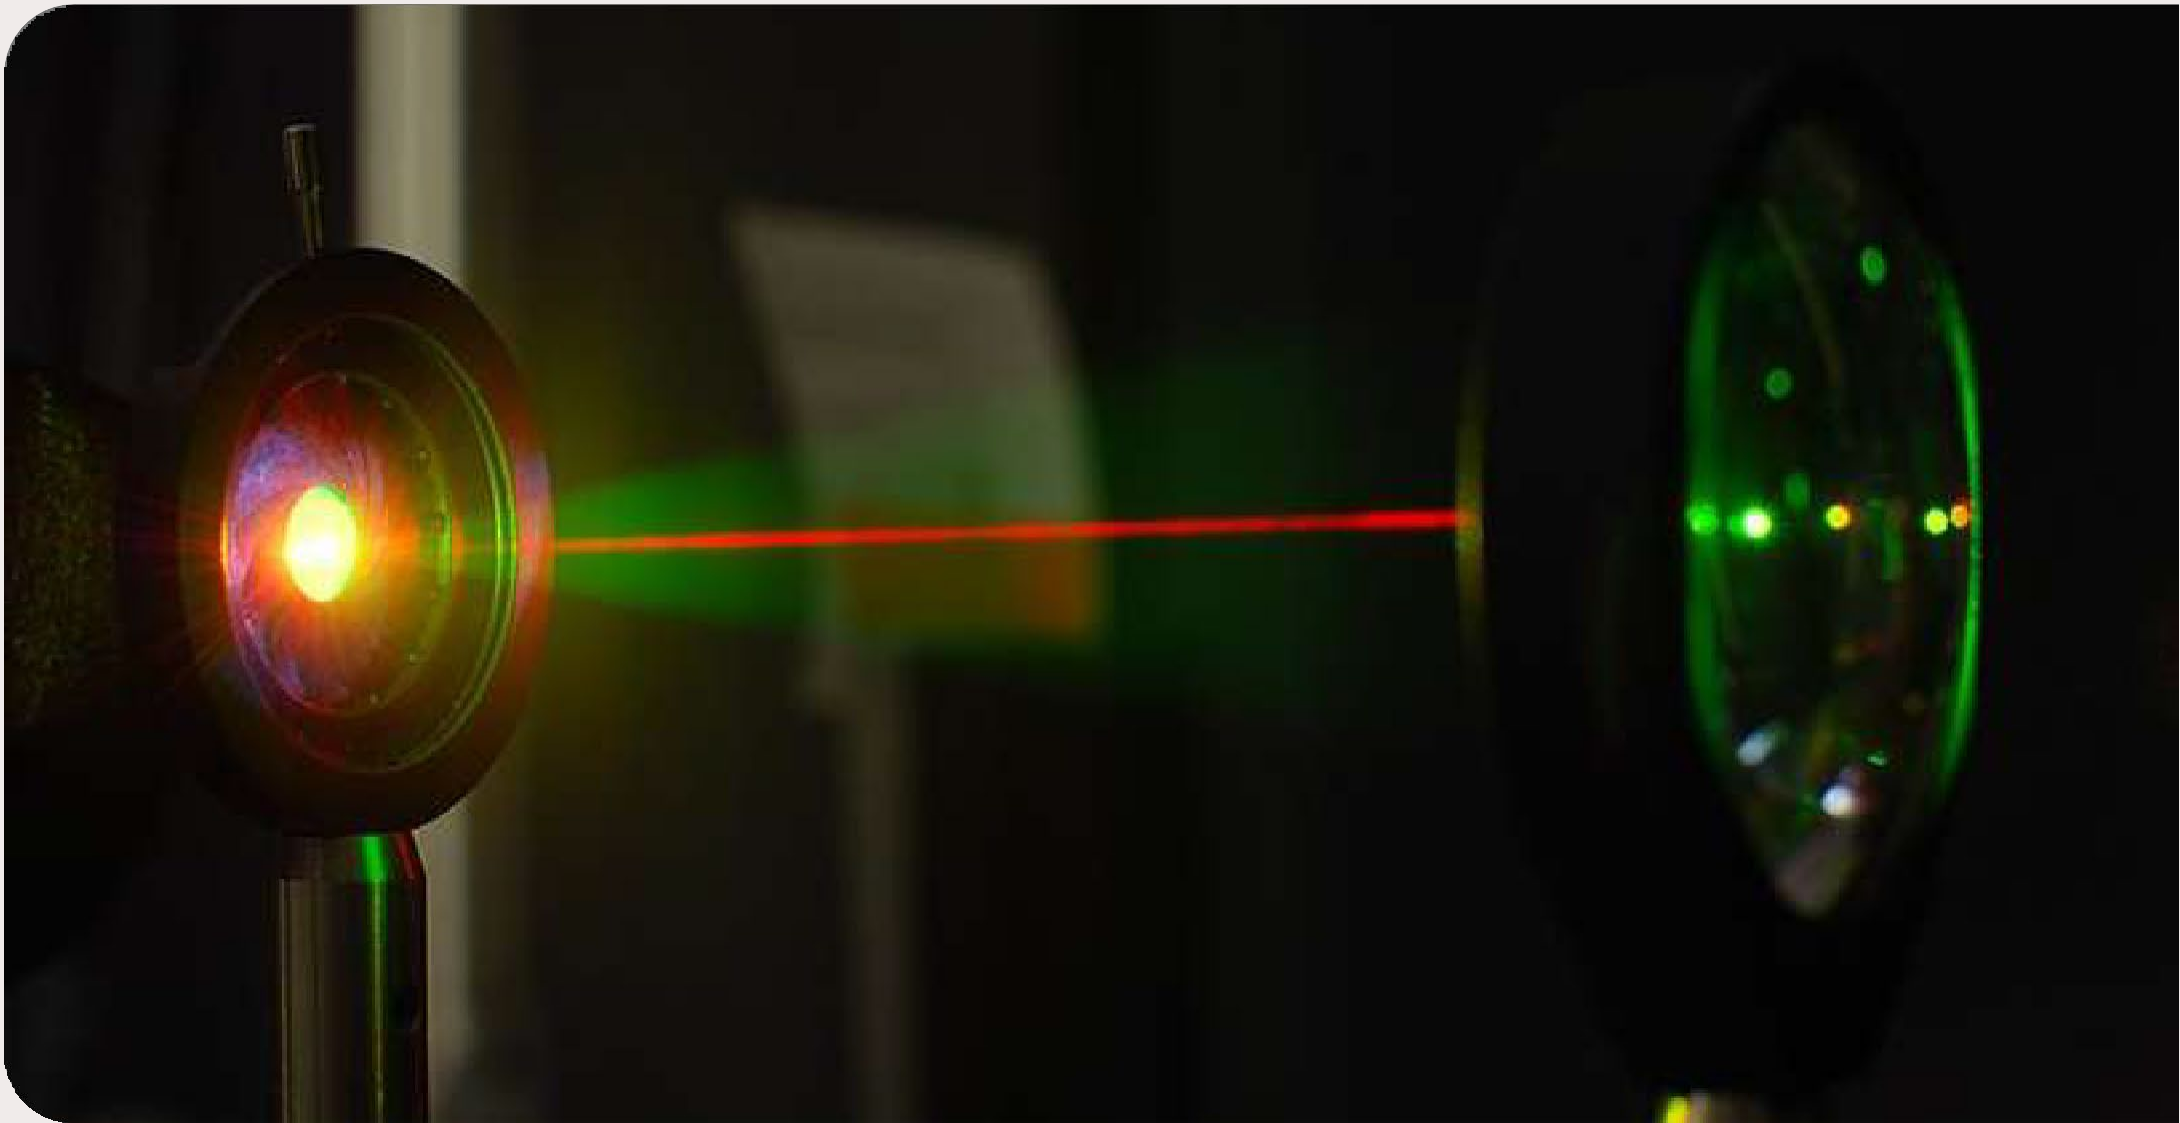

Supports ONVIF

Provides device freedom with ONVIF as it supports cross-compatibility with third-party Recorder/Software via ONVIF protocol to enhance native integration. Helps your security system operate seamlessly so that you can mix and match recorders and software for more flexibility.

IR Lights

In areas of low illumination &/or dark places, infrared lights help to present a clear video feed even at night, increasing and enhancing the visibility of the lens to capture every detail.

256GB SD Card support

Allows the camera to record and store video data directly onto an SD card inserted in it. SD card support ensures continuous recording, preventing data loss.

ezyLiv Mobile App

Your one stop center for all ezyLite Cameras, ezyLiv gives you a unique advantage where you can control all your security cameras with a single mobile app to gain complete control over your home and properties

Specification - EZ-P33

Feature	Specification
Image Sensor	1/3” 3MP PS CMOS Image Sensor (0.84667cm)
Minimum Illumination	Color: 0. 1Lux, B/W: 0.01Lux
Effective Pixels	2304(H) x 1296(V)
Shutter Speed	1/50s(1/60s)-1/100, 000s
White Balance	Auto
Gain Control(AGC)	Auto
Lens	4mm
Max. Aperture	F2.3
Angle of View	D:88°/ H:67°/ V:50°
S/N Ratio	≥39dB
Pan,Tilt, Rotation	Pan:355°,Tilt:85°
Video Compression	H.265 / H.264
Resolution	3MP(2304x1296)/D1(704x576)
Frame Rate	25fps
Noise Reduction	3D-NR
Audio Compression	G.711A
Audio Input	Built-in Mic
Audio Output	Buit in speaker
Audio	Two way Audio

Feature	Specification
Built-in Siren	Support
Motion detection	Support
Echo Cancellation	Support
Human Body Detection	Support
Dynamic Range	DWDR
Wireless Standard	IEEE 802.11b/g/n
Protocol	TCP/IP, DHCP, IPV4
Onvif	Support
Wi-Fi	Support
IR Cut Filter	Auto
IR Number	6pcs LED
IR Distance	15 Mtr.
Smart Phone	iPhone, iPad, Android Phone
Micro SD	Micro SD Card, Max 256 GB
Operating Temperature	-20°C~60°C
Operating Humidity	<95%%(no condensation)
Power Source	DC 5V, 2A
Power Consumption	Basic : 1.5W, MAX : 4W
Dimension	Φ37 x 112.4mm
Weight	169gm

Applications

Kids Safety
