

PowerPixel Batman 4G Sim Based 12MP UHD 3in1 Screen View CCTV Camera, Outdoor Indoor Security Camera, Dual Wide Angle View, 2 Way Talk, Motion Detection, Color Night Vision, Waterproof IP66

Special Features

About this item

- **#[Complete 360° Coverage]:** The security camera features 360° auto-rotation for the central camera and manually adjustable 180° side cameras, 90° Vertical Tilt, ensuring full coverage.
- **#[4G SIM Connectivity]:** Stay connected anytime, anywhere with seamless 4G SIM support, no Wi-Fi required. Ideal for remote locations and secure outdoor monitoring.
- **#[Wide-Angle & Panoramic Coverage]:** With a wide-angle lens, the sim camera ensures comprehensive coverage, capturing a larger area and minimizing potential security risks.
- **#[3-in-1 Multi-Screen View]:** Experience superior surveillance with three screen views, ensuring you can monitor your property from all angles with ease.
- **#[2-Way Audio]:** Interact directly with anyone at your property via the two-way talk feature, ensuring better security and convenience.
- **#[Color Night Vision]:** Enjoy clear and vivid night-time surveillance with built-in color night vision, offering enhanced clarity even in low-light conditions.

Pan 355° Tilt 90°

Two-Way Audio

Hello, what's this?

You have a package.

AI Auto Tracking
