Description

Upgrade your outdoor lighting with the Cybernautt Stex SL08-100 100W Solar Flood Light

Engineered for maximum efficiency and reliability, this high-performance solar light is the ideal, eco-friendly solution for illuminating driveways, gardens, pathways, yards, and commercial security areas.

Powered entirely by a high-efficiency 6V 15W polycrystalline solar panel, it harnesses the sun's energy to provide brilliant, cost-free lighting every night. The integrated 12000mAh large-capacity battery ensures an extended runtime, keeping your space well-lit from dusk till dawn, even after a day with limited sunlight.

Built to last, the Stex SL08-100 is encased in a rugged IP65 waterproof housing, guaranteeing flawless operation in all weather conditions, from freezing -40°C winters to scorching 50°C summers. With an exceptional 50,000-hour LED lifespan, you are investing in a durable, maintenance-free lighting solution for years to come.

Experience clear, wide-angle illumination with its 3000K warm white light, which provides excellent visibility and comfort without being harsh. Its modern design is not only functional but also aesthetically pleasing for any outdoor setting.

Key Features & Benefits:

Powerful & Efficient: 100W LED brightness powered by solar energy, eliminating electricity bills.

Massive Battery Capacity: An 12000mAh battery offers long-lasting illumination throughout the night.

All-Weather Durability: IP65 rating and an extreme temperature range (-40°C to 50°C) ensure reliable performance in rain, snow, and sun.

Superior Longevity: LEDs rated for 50,000 hours of use, meaning decades of maintenance-free service.

Optimal Solar Charging: The 10W polycrystalline panel efficiently converts sunlight to power for consistent daily charging.

Easy Installation: Wireless design allows for flexible placement anywhere with direct sunlight. No wiring needed, no electrician required.

Choose the Cybernautt Stex SL08-100 for a powerful, sustainable, and intelligent lighting solution that enhances security and ambiance while reducing your carbon footprint and energy costs.

Ideal For: Home Security Lighting, Garden & Yard Lighting, Pathway Illumination, Farm & Barn Areas, Commercial Property Lighting, and Gate/Perimeter Security.

Technical Specifications

Model	Stex SL08-100
Color Temperature(CCT)	5000K (Daylight Alert)
Power Supply	Solar
Working Temperature(°C)	-40 - 50C
Input Voltage(V)	DC 6V
Battery	12000mAh
Working Lifetime(Hour)	50000H
Lighting solutions service	Lighting and circuitry design
Waterproof	IP65
Solar panel	6v 15w Polycrystalline
Power	100W
