# Description

## XUGA Aurora F3P Ceiling Fan – High-Speed, Energy-Efficient, and Ultra-Quiet Performance

Upgrade your comfort with the XUGA Aurora F3P Ceiling Fan, a high-performance, energy-efficient ceiling fan designed for superior airflow and whisper-quiet operation.

With a powerful 315 RPM motor speed and 6+ Boost speed settings, this fan ensures rapid cooling while consuming only 35W at maximum speed, making it an eco-friendly choice for any space.

The 1200mm (48-inch) sweep size delivers an impressive airflow of 340 CMH, ensuring wide coverage and optimal ventilation in medium to large rooms. Engineered with a high Service Value (SV) of 6.87, the Aurora F3P maximizes efficiency, providing strong airflow with minimal power consumption. Its THD (Total Harmonic Distortion) of <10% ensures smooth, flicker-free operation, enhancing durability and performance.

Ideal for homes, offices, and commercial spaces, the XUGA Aurora F3P combines modern design, silent operation, and energy-saving technology for year-round comfort. Whether you need a gentle breeze or a powerful gust, its 6-speed settings + Boost mode give you full control over your cooling experience.

### Key Features:

- ✓ 315 RPM High-Speed Motor – Fast, powerful airflow
- ✓ Ultra-Low 35W Power Consumption – Saves energy without compromising performance
- ✓ 1200mm Blade Span – Ideal for medium to large rooms
- ✓ 6+1 Speed Settings – Customizable cooling with Boost mode
- ✓ 340 CMH Air Delivery – Efficient and wide-reaching airflow
- ✓ SV 6.87 & THD <10% – High efficiency and smooth operation

Experience the perfect blend of style, performance, and sustainability with the XUGA Aurora F3P Ceiling Fan—your ultimate solution for a cooler, more comfortable living space. Buy now and enjoy superior airflow with unmatched energy efficiency!
