Description

Completely Wireless Design

Enjoy the benefits of a fast, hasslefree installation. Cybernautt's outdoor battery powered WiFi camera offers exceptional flexibility, allowing you to position it perfectly for optimal views. Streamline your home security setup! Plus, you can enhance it with an optional solar panel for uninterrupted power (note: solar panel not included).

Respond Instantly

With clear two way audio, easily see, hear, and communicate with visitors. Receive smartphone alerts whenever motion is detected, and use strobe lights and sirens to deter intruders. Customize your siren with fun messages like, "Hey, I've called the police, please leave!"

Crystal Clear Night Vision

Capture vital details like faces or license plates in vibrant color, even after dark, thanks to advanced color night vision. This outdoor security camera is your goto choice for home protection.
