Abnormal situations can be checked at any time

It is on duty 24h around the clock in low-power mode. Abnormal audio and video scenes will be automatically recorded and stored. Security is backed up and important information is not missed. Support TF card and cloud video storage, flexible playback and easy checking.

With TF card
Maximum support 256G

Synchronous recording, secure storage

Supports real-time viewing of multiple terminals on mobile phone, remote monitoring and multiple terminals viewing

Cloud Storage

Supports TF Card
(up to 256G)

Easy networking, simple and fast

1
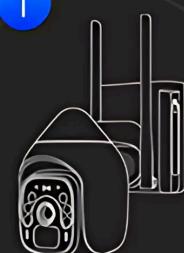

Power on the camera.

2

Scan the QR code in the manual, download the app, register an account and log in

3
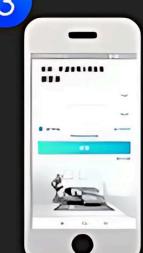

Scan the QR code on the camera with app, Follow the prompts to complete networking

Encrypt privacy Ensure security

Four protection systems to prevent privacy leakage

Prompt for remote login of account
Software will record the region where you usually log in to your account. Once the account logs in in other regions, the software will prompt the account to log in in different places.

Mobile phone and email binding
Account can bind email account and mobile phone number. You can receive verification code through email or mobile phone and change account password.

THE **ALPHA** Series

TECHNICAL SPECIFICATIONS

Model	X82C-K
Online visitor	Supports 4 visitors at the same time
CPU/Image sensor	Ingenic T40, 8 MP, dual lens, 1/3 inch progressive scan CMOS sensor
Minimum illumination	0.5 Lux(Color mode), 0.1 Lux(B&W mode)
Lens	4mm-6mm
Night Vision	IR-CUT with auto-switching,Dual light source, irradiation distance 15-30 meters
Compression standard	H.265 main profile/H.265+ main profile/Motion-JPEG/JPEG
Data rate	Mainstream:1080p(1920*1080)@25fps, Substream:360p(640×360)@15fps
Bit rate/maximum frame rate	128～4096kbps/25fps
Image adjustment	Adjustable brightness and contrast
Input	Built-in - 38dB microphone
Output	Built-in 8 Ω 1W speaker
Compression standard/Bit Rate	G.711/64kbps
Connectivity	4G Sim Based
Rotation angle	Horizontal 350 °/Vertical 90 °,can be installed with 360 ° rotation
Preset position	Supports 16 presets (mobile app only supports 5)
Storage functions	Supports T-Flash card(max supports 256GB); Cloud Storage
Alarm detection	Support motion detection, humanoid detection, human tracking, alarm voice prompts, flash and illumination functions, and timedactivation and shutdown of white light.
Rated voltage	DC12V
Power consumption	Rated power: 4.5W (infrared light on)/maximum power: 11W (PTZ on)
Operating condition	Temperature: -10～50℃; Humidity: ＜90%

THE ALPHA series

Product Description

Dual High-Definition Lenses
Experience the power of 8MP Ultra HD Smart Linkage with both 4MM and 8MM fixed lenses for unparalleled clarity.

Unmatched Pan/Tilt Technology
Gain a complete perspective with an impressive 350 degrees of horizontal rotation and 90 degrees vertical movement. This camera's Pan/Tilt capability offers extensive coverage, enabling you to monitor your environment with both flexibility and precision.

Clear Two-Way Audio Communication
Engage in real-time conversations with ease, thanks to the high-sensitivity microphone and speaker integrated into the camera. Benefit from seamless two-way audio for everything from security discussions to enhancing your connection with those around you.

Smart Human Tracking for Superior Security
Protect your space proactively with intelligent human tracking. The camera effortlessly follows individuals who enter predetermined zones, providing immediate alerts so you can react swiftly to any potential threats.

Versatile Storage and Effortless Connectivity
Customize your storage solutions with support for Micro SD cards up to 256GB, alongside optional cloud storage. Enjoy seamless connections via 4G Sim, utilizing convenient QR code scanning for a fast and secure camera
