Description

Cybernautt Y200D Car Vacuum Cleaner and Tyre Inflator – Powerful 8000PA Suction, 150 PSI pressure Brushless Motor

Keep your car spotless with the Cybernautt Y200D Car Vacuum Cleaner and Tyre Inflator – a high-performance, portable cleaning solution designed for effortless dirt and debris removal. Featuring an ultra-strong 8000PA suction power, this vacuum ensures deep cleaning of car seats, carpets, and tight spaces, leaving no dust or crumbs behind. With a very efficient and strong Tyre Inflator of High 150 PSI pressure.

Powerful & Efficient Cleaning

Equipped with a 130W brushless motor, the Y200D delivers strong, consistent suction while ensuring quiet operation and longer lifespan compared to traditional motors. The 12V DC battery system (3x 2000mAh) provides extended runtime, making it perfect for quick clean-ups or thorough car detailing.

Durable & Lightweight Design

Built with high-quality ABS + copper materials, this vacuum cleaner is both sturdy and lightweight, ensuring durability without adding bulk. Its design allows for hassle-free maneuverability, reaching every corner of your car, including under seats and between crevices.

Versatile & User-Friendly

Compact & Portable – Easy to store in your car for quick cleanups anytime.

Strong Suction for Multiple Surfaces – Ideal for car interiors, home furniture, and even pet hair removal.

Low Noise Operation – Clean without disturbing passengers or family.

Perfect for On-the-Go Cleaning and keeping flat tyres up & running

Whether you're a busy parent, a frequent traveler, or a car enthusiast, the Cybernautt Y200D Vacuum is your ultimate cleaning companion. Enjoy a dust-free car interior with minimal effort and maximum efficiency!

Upgrade your cleaning routine with the Cybernautt Y200D – Power, Portability, and Performance in One!

⚡ Suction Power: 8000PA | 🚗 Ideal For: Cars, Home, Office, Pet Hair | 🖱️ Inflation: 150 PSI

Get yours today and experience the future of car care!
